Hajj and umrah is the biggest gathering of people on the planet. As such, we encourage Muslims in Kenya to be part of exercising the fifth pillar of Islam. It is mandatory for all Muslims to visit mecca at least once in their lifetime.

During that period our tour guides will take you to amazing places such as mount Arafat

Chartered Flights

Our company provides scheduled charter flight services in Somalia and Kenya. A private charter flight is more convenient for timing or privacy reasons or because of the “off the beaten track” nature of the destination.

We can provide charter flights to meet most requirements whether for a honeymoon couple or a 100 plus group of company employees being rewarded for their endeavors.

The cost of a charter flight depends on the size of the aircraft needed to accommodate the number of passengers and the distance required to be flown plus other incidentals such as airport landing fees, etc. Therefore the particular requirements need to be specified to enable a quotation to be given.

We specialize in domestic and international luxury flight services to and from the city of Nairobi. We offer unlimited access to the most expansive selection of private jets available on the planet.

Parcels, Cargo & Logistics

We offer reliable, pocket-friendly logistics solutions. We have built a good reputation for providing excellent parcel & cargo delivery to Somalia.

Our experience and expertise allow us to deliver project cargo, long-term or short term storage, bulk cargo movement. We also do cargo consolidation or door to door delivery.

You can be sure that you will get comprehensive, cost-effective, and time-sensitive solutions.

Our parcel and cargo services connect the traders in Kenya and Somalia. This boosts business between the two countries. People from Somalia can purchase goods in Kenya and vice versa.

Ours is to streamline the delivery of the goods to and from Somalia. We do this in 24hrs.
